Seoul

Excellency,

The Ministry of Employment and Labor of the Republic of Korea would like to take this opportunity to extend its sincere gratitude for close collaboration and continued support from the Embassy of the Democratic Socialist Republic of Sri Lanka, Seoul for effective operation of the Employment Permit System.

As you well know, the Korean government is implementing special quarantine measures targeting the upcoming Lunar New Year holidays which include measures to minimize movement and contact among people such as refraining from visiting friends or taking any unnecessary travel, banning private gathering of five or more people.

In this regard, I am enclosing COVID-19 prevention guidelines for the holidays that workers from other countries are expected to keep in mind. I hope your Embassy to share this important information with the workers from your country via all network that are available to you. I also wish to ask your particular attention to workers' on and off-line communities so that the information reach them as well.

With all our efforts to win the battle against the virus, I hope

the COVID-19 pandemic will end in the near future and the EPS will come back again to its normal track.

Finally, I wish to convey the best wishes from the Korean Government for the good health and happiness of the people of our countries in the years to come.

Enclosed: COVID-19 Prevention Guidelines during the New Year Holidays

Yours Faithfully,
